THE town of Falls Church has never as vet had any general cemetery, but has relied altogether heretofore for burial purposes upon the tsellis effered by the "Old Falls Church" and "Chapel" grounds and private burial lois. The church grounds being strictly parishonal, the churches have complained, with just cause, against their grounds being made perfect potter fields for general burial purposes. The Council of the towr, at its regular meeting on the 7.h iest., appointed a committee of some twenty of the principal citizens to co-operate with the Council in selecting a site for a cometery for general purposes of the town, with a view of turchasing several cores of land, conveniently situated, and thus supplying a pressing want. The committee are called to meet on the 22ad inst at I p. m., and the movement laving taken shape, it is expected but little difficulty will be experienced in carrying the same to fruition, thus relieving the private and parish rrounds from over pressure.

The confusion which has beretofore occurred in the mails for this post will now be obviated, there being now coly one Fort Whipple, and that in Arizons.
